

Policy Library Working Group Recommendations 2

In the Policy Library webpage, the policies are grouped by subject area (although this entails some repetition, the same policy sometimes being listed under more than one sub-heading). However, for convenience we follow here the subject areas adopted in the Policy Library.

Within these categories, the policies are listed in alphabetical order. We refer to the content of policies posted on the webpage as of 23 January 2017.

We have not considered KUMC and Edwards Campus policies, which we understand not to be within the remit of the Senate.

The Working Group respectfully submits its recommendations to the University Senate as follows.

The following policies deserve consideration by the Senate:

Academic Programs

KU Core Curriculum

University Core Curriculum Committee, Procedures and Criteria for Appointment.

Rationale: The working of the Core Curriculum has attracted much criticism.

Academic Work & Evaluations

Emeritus/Emerita Status for Graduate Faculty

Rationale: this matter has been considered by a working group, and the current text only focuses on one aspect of emeritus/emerita status.

Conflict of Interest

Commitment of Time, Conflict of Interest, Consulting and Other Employment
Consulting Request Form (four forms)

Rationale: the Conflict of Interest arrangements have been criticized in the Senate.

Governance

Faculty Code of Rights, Responsibilities and Conduct
Under 'Approved by: Chancellor', add 'and by the Faculty Senate'.

Rationale: this was recognized to be a shared governance document during discussions in the Faculty Senate when it passed the Code.

Procedures for Appeals to the Faculty Rights Board for Tenure and Promotion Decisions
Procedures of the Faculty Rights Board for Hearing Appeals from Administrative
Actions

Rationale: the Faculty Rights Board has made representations to the Senate requesting some revision in this area.

Student Senate Rules & Regulations

Add that this was approved by the Student Senate, and the date on which it gave its approval. **Check** with Student Senate leaders that the text is accurately displayed.

Rationale: the Student Senate President complained to Sen Ex last semester that the text displayed in the Policy Library was different from the one passed by the Student Senate.

Graduation & Degrees

Degrees. Graduate Studies

Add by which administrator this was approved.

Rationale: The omission seems to be a clerical error.

Instruction

University Academic Assessment Committee Member Selection

Rationale: should members of committees be appointed by the Provost's Office, or elected by Governance?

Intellectual Property

Intellectual Property Policy for the Lawrence Campus

Rationale: this has been criticized in the Senate.

Student Life Policies

The Senate should accept the following policies as they stand:

The following policies deserve consideration by the Senate:

[Alcoholic Liquor* at University Events, Regulations Governing the Use of](#)

[Interfraternity Council and Panhellenic Association Joint Alcohol Policy: Student Involvement and Leadership Center](#)

Review for: Modernity and a changing campus climate; the use of alcohol on campus has become a disjointed, procedural nightmare in practice. Also, there has been increasing talk of changing the University's alcohol policy in general. Additionally, the University Senate has a say in this policy.

[Financial Aid Code of Conduct](#)

Review for: Modernity; while nothing appears problematic on its face, it would be beneficial for the policy to be reviewed given that it was approved solely by the previous Chancellor and has not been updated since 2009.

[Student Representation on Committees - 20% Rule \(CODE 16\)](#)

Review for: Changing campus climate; given the recent swells towards needs for representation, it may be prescient to review, and perhaps increase, the baseline for student representation.

- [Unauthorized Peer-to-Peer File Sharing](#)

The following policies deserve consideration by the Senate:

Information Access & Technology Policies

Privacy Policy, General

Rationale: Approved in 2007 by the Provost and Executive Vice Chancellor, with very minor review since. Various technologies and their usages have evolved since 2007, specifically within the realm of social media platforms. It is therefore advisable that the University Senate consider review of the current policy, though none were generated from the limited expertise of this committee.

Minor change*

Acceptable Use of Educational Technologies: Guidelines for Faculty and Staff

Adopt policy with correction.

Correction: Second paragraph, third line, before “appropriate”, under appropriate images and content-> strike out “an”.
